Horses Appreciate Cool Weather at Atlantic City Show.

Atlantic City, N. J., July 20.-A cool ocean breeze made the attendance at the horse show at Inlet Park to-day a record one. The drop in temperature also seemed to give new life and

vigor to the horses. The most interesting feature was the contest among the hunters and jumpers, when the Westchester Farm entries were pitted against the world's champion high jumper, Heatherbloom, owned by Howard Willets, of New-York. Heatherbloom won the laurels, but only after one of the best contests ever seen here.

Alfred G. Vanderbilt and W. H. West, of Ealtimore have had considerable discussion over the speed of two coach dogs, and have anounced that as a special feature for to-day a handsome \$50 cup will be offered to the fastest of these two degs. Both animals will be sent into the ring attached to small express wagons. They will be driven around the ring.

Six years ago, at the first horse show held in this city, Mrs. John Gerken bought Newsboy for \$1,500. The horse was purchased from Mrs. William B. Austin, of Wilmington, Del. To-day Mrs. Austin saw Newsboy for the first time since she sold him to Mrs. Gerken. This horse won the blue in every event in which he was entered. Mrs. Gerken to-day refused \$5,000 for

Dick Donnelly announced to-day that the pony, Punni Bun, had been sold to Dan Hanna, son of the late Mark Hanna. The pony, owing to the sale, did not appear this afternoon. He will be shipped to Cleveland, where Mr. Hanna will use him for polo playing.

Mr. Vanderbilt took a prominent part in the horse show this afternoon. The first work of the day was the judging of twelve horses and runabouts. Mr. Vanderbilt appeared in the ring behind Lady Katherine. J. P. Freelwright, of Baltimore, entered Newmarket, while Mrs. Gerken put faith in Newsboy. She received the blue, with Newmarket second, the Vanderbilt entry third, and Elevation, entered by Mrs. Grosvenor, fourth.

Domino won the red, while Towthorpe Queen, the entry of Mrs. Gerken, took third. Togo got the fourth award. In the class for four harness horses, Mrs. Gerken captured the blue with Newsboy, while Belscan, entered by C. W. Watson, took second.

Lucille, another Vanderbilt entry, got third. The fourth went to Maid of Athens.

E. D. Jordan again carried off the honors in the event for eleven harness horses. He sent Lord Burleigh and Lord Belfast line the ring, while J. F. Carlisle entered Eloquence and Reve-

The Jordan entries got the blue, while the red went to Eloquence and Revenue. The third award was given to Postboy and Parade, and the fourth to the Batonyi entries.

When the event for fifteen hunters was called the spectators were given the best in this line. This was the contest where Heatherbloom was hard pushed to retain the championship. West-chester Farm was represented by Jack Frost, Red Raven, Apple Jack, May Beile and Onerios, while Dick Donnelly placed faith in Rifle. Howard Willets, besides having Heatherbloom in the ring, sent in Toronto, and Charles Pfizer was represented by York and Torchlight.

Heatherbloom took the jumps with easy grace, and was finally given the blue. Centennial got the red and Jack Frost the white.

Miss Belle Beach won the second blue ribbon of the day in the next event, the judging of five harness horses, when she drove Baron, entered by E. D. Jordan. The second award was given to Saint entered by Mrs. Vandeusen who drove

It took the judges long to decide. Mr. Vanderbilt handled the reins and gave a satisfactory and professional exhibition. He drove Polly Prim, Pull Dress, Sweet Marie and Portia, while the Jordan entries were Baron, President, Hildreth and Plymouth Champion. Mrs. Grosvenor had Tomahawk, Pow-wow, Laughing Water and Indian Chief. Mr. Vanderbilt got the blue, the red went to the Jordan horses, while Mrs. Grosvenor was third.

Those opposing them were Centennial, Fleurette and Maybell. All these horses were entered by the Cameron Run Hunt Club of Alexandria, Va. DRIVERS PRAISE NEW ENTRANCE.

Much Favorable Comment for Triple Gateway to Central Park.

The Road Drivers' Association and other drivers who use Central Park are jubilant over the completion of the new entrance at 59th-st. and 7th-ave. This entrance was originally constructed as a bridle path, and afterward, in deference to convenience of drivers, was thrown open to pedestrians and vehicles. This, however, resulted in several accidents, and Commissioner Pallas was forced to bar drivers.

This move elicited a protest from the drivers of pleasure vehicles, and Commissioner Pallas began the construction of a great triple entrance for pedestrians, vehicles and equestrians. The new entrance was thrown open to the public on Monday and is pronounced one of the most attractive park

Dr. H. D. Gill, president of the Road Drivers' As-Dr. H. D. Gill, president of the Road Drivers' Association, inspected the new entrance yesterday, and was unstinted in his praise of its construction, convenience, safety and general artistic effect.

James T. Lawrence, secretary of the Riding Club, was equally well pleased, and said that the equestrians have gained greatly in the improvements made at the bridle path entrance.

Pleased with the general praise which marked the opening of the new Sth-st. entrance, Commissioner Pallas has begun the contruction of a similar entrance at 6th-st. and Central Park West. This new entrance will embody all the features of the 59th-st. triple gate.

Squadron A and the Westchester Country Club

with "Race Riots."

Arrangements are being made, under the direction of the pastors of the colored churches throughout the city, for meetings at which speeches will be made protesting against the actions of the police in the recent race riots on the west side of Manhattan, and in which colored persons were more or less injured. Yesterday the Rev. George H. Simms, pastor of the Union Baptist Church, in West 63d-st., appeared before Police Commissioner McAdoo and, after relating his story, secured a promise to make an investigation.

A committee consisting of the Rev. Mr. Simms, the Rev. N. S. Epps, of the Mercy Seat Baptist Church, in West 135th-st., and the Rev. E. M. McDaniels, of the Fountain Baptist Church of Summit, N. J., but who lives at No. 325 West 37th-st., said yesterday that it was the lower class who started the trouble, and that they, as representatives of the better class, desire that justice should be meted out, not only to the

justice should be meted out, not only to the lower class of colored people, but also to those whites who participate in the riots.

"A great many of our better class have been mistreated," said the Rev. Mr. Simms. "They have been arrested in many instances without cause, taken to court and fined. We think the police should arrest more of the 'white toughs' than they do."

Assistant District Attorneys Garvan and Cor-doza began an investigation into the race riots on "San Juan Hill" yesterday. They had twelve or fifteen policemen at the office of the District Attorney for examination. It is sought to prove the truth or falsity of the reports that the riots were instigated by the police.

UNCONSCIOUS IN CELL.

Woman Who Killed Her Babe May Die from Neglect.

Mrs. Annie Gades, who, early on Wednesday morning, stabbed to death her nineteen-month-old son, Hans, in her apartments at No. 49 Driggs-ave., Williamsburg, was taken yesterday to the Kings County Hospital, after she had been found unconscious in a cell in the Herbert-st, station. Last night the woman's condition was so serious that the doctors held out small hopes for her recovery. When Mrs. Gades was arrested on Wednesday morning it was found that she had stabbed herself in the right breast and left arm. She was sent to the Eastern District Hospital, but on Wednesday afternoon the doctors told the police she was strong enough to be arraigned on a charge of murder. On reaching the court the police found that Magistrate Naumer had gone for the day. Mrs. Gades was left in the hot sun while the police were making up their mind what to do with her. She was finally driven to the station house and placed in a hot, foul cell. When the matron went to Mrs. Gades's cell yesterday morning she found the prisoner unconscious. She had torn the bendages from her wounds. The doctors at the hospital to which she was taken yesterday sold that the woman would probably die as a result of the treatment she had received. Williamsburg, was taken yesterday to the Kings

AFRAID OF DEATH CHAIR.

Jury Declares Miss Fox, of New-Rochelle, Insane.

A Westchester County Sheriff's jury yesterday declared Miss Jane Fox, of New-Rochelle, insane and incompetent. She is now an inmate of St. Vincent's Retreat, at Harrison. According to the testimony of the two doc

tors who examined her, Miss Fox told them that her home was being painted in prepara tion for her execution by electricity. "The electric chair is there," she said, "and

all my relatives are going to die." Miss Fox has money in banks, and Justice

Keogh will appoint a committee to take charge of her property. For thirty years she lived in the family of Dr. McBurney, of this city. She was taken suddenly insane at the McBurney country seat, at Stockbridge, Mass., a month

GIRL TWICE MARRIED.

Only Sixteen Years Old, and Same Bridegroom at Each Wedding.

It was announced yesterday that Miss Elizabeth Orlopp, daughter of Maximilian Orlopp, of No. 519 West 152d-st., has been twice married to Edward years old. The first marriage was performed by notary and the second by an Episcopalian min-

Several months ago the young couple became engaged. The parents, however, objected to an immediate marriage, because of Miss Orlopp's immediate marriage, because of Miss Orlopp's youth. The couple were secretly married by Coroner Joseph I. Berry, who is a notary public. Then Mr. and Mrs. Wood went home to beg forgiveness. They obtained pardon, but their parents demanded that they be married again by a minister. They were married on June 7 by the Rev. H. S. Taylor, of St. Paul's Protestant Episcopai Church. Mr. Wood is twenty-nine years old and a nephew of the late Mayor Edson.

Mrs. Wood says that her father, Maximilian Orlopp, is a cousin of Count Orloff of Russia. The difference in the spelling of the names is due to a change that Mr. Orlopp made after coming to this country.

SUES CITY FOR LOSS OF AN EYE.

Struck by Cartridge Which Had Been Placed on Streetcar Track.

Utica, N. Y., July 20.-This city may have to pay more in damages for an accident incident to the celebration of the Fourth of July than the celeration itself cost. On the night of July 3 Joseph Wellheimer was struck by a flying substance and the sight of one eye was destroyed. Some one had placed a blank cartridge on a streetcar track. When the cartridge exploded the shell flew to the sidewalk and hit Weilhelmer in the eye. He has brought suit against the city for \$5,000 damages.

He had mastered the art of penmanship with his left hand to a certain degree, but will start in immediately to become an expert one-handed manipulator of his writing machine.

Say Police Are Not Fair in Dealing Went North While Asleep, but Wants His Clothes.

Harry Willis, thirty-four, of No. 255 West 38th-st., walked into the West 68th-st. police station and demanded his clothes yesterday. "Your clothes?" gasped the sergeant in charge.

'What do you want with clothes? You are dead. You were drowned in the North River at 83d-st. on Tuesday night."

"Not much I wasn't," retorted Willis. "How do you figure that I was?"

Then the sergeant told how the manager of Mahon's baths had turned over Willis's clothing to him on Wednesday with the information that the owner must have been drowned, for he had hired a bathing suit on Tuesday, gone in swimming and had not been seen since "We sent to your home and found your mother

frightened to death about you," said the sergeant, "that is, if it is you. Then we concluded that it was a case of suicide from the fact that

that it was a case of suicide from the fact that we found a pretty girl's picture in one of the pockets of the clothing and sent out a general alarm. It went out this morning."

"Huh, Well you'd better recall it, for I'm not dead by a long shot," replied Willis, "Let's have the clothes. It was so hot on Tuesday that I couldn't sleep, and after I had a plunge at the baths I stretched myself out in a freight car, clad only in my bathlng suit, for a snooze. When I awoke it was dark and I was in a strange lend. I awoke it was dark and I was in a strange land. I managed to find a man who told me that I was in Spuyten Duyvil. He let me have a pair of trousers. Then I telephoned my mother to bring me up some clothing."

THREE BURGLARS CAUGHT

Arrested After a Hard Struggle and Firing of Revolvers.

Three burglars, surprised in the act of packing up six bags of cloth and lining silk, worth \$4,000, in the factory of the American Raincoat Company, on the fourth floor of No. 48 West 15th-st., early yesterday morning, were arrested, after a struggle and the firing of several shots, by Detective Sergeants Reith and McMullen, of the Central Office. The prisoners were caught while they were waiting for a confederate to appear with a wagon to carry off the plunder.

Two of the prisoners were already listed in the Rogues' Gallery. They are Louis Markoff, of No. 140 Essex-st., and Lawrence Gillon, of No. 709 East 12th-st. The third is Louis Green, of No. 75 Bedford-ave., Brooklyn.

The prisoners were arraigned before Magistrate Steinert, in the Yorkville police court, and held in \$2,500 bail each for examination on Saturday morning

Reith and McMullen were passing through West 15th-st, soon after midnight, when they heard a burglar alarm go off in the building at No. 48. They hid in the shadow of a doorway opposite and waited more than three hours. At ast they saw three figures issue from the basement door. They rushed from their ambush and pounced upon the men.

Reith hit the first, who proved to be Markoff, on the jaw. The blow was a knockout. Reith then pursued Gillon, who fled toward 6th-ave. He fired two shots over the fugltive's head, which caused him to stop and surrender. Mc-Mullen tackled Green, and after a tussle made him a prisoner.

The detectives found that a panel of the basement door had been cut through. Six large canvas bags had been packed with raincoating

FOR SICK UNION MEN.

Federation of Labor Planning a National Sanatorium.

It was announced yesterday that letters had been sent by Samuel Gompers, of the American Federa-tion of Labor, to all the affiliated unions, inviting suggestions for a plan for a national sanatorium where trades unionists who are sick and inca-pacitated for work can be cared for. Many suggestions, it was said last night, have been received, the most popular up to date being one by George W. Perkins, president of the Cigarmakers' International Union.

President Perkins recommends that the proposed rative plan, in which all the unions will be stockholders, to be run without profit, all the money over and above the ex-penses to be thrown into the general fund.

He proposes that the sanatorium be under the control of the American Federation of Labor hrough a board of directors composed of the chief executive officers of the trades unions, and that it be called the American Federation Trades Union Sanatorium. He also suggests that part of the funds shall be devoted to the purchase of farms for outdoor treatment of union men who have tuberculosis in its incipient stages.

NOTES OF THE SUMMER STAGE.

Miss Seligman to Act Again-Shubert Booking Agency Incorporated.

Henri Gressitt announces Miss Minnie Seligman's return to the stage next season and her alliance with William Bramwell. Miss Seligman has been conceded to be one of the most forceful and con-vincing actresses on the American stage. Her mar-riage to Robert Livingston Cutting and the divorce that came several years later are well remembered. For over two years Miss Seligman has been in re-trement, devoting herself chiefly to study and

travel.

Air. Bramwell is an actor whose spurs have been won in the arduous school of stock companies. Last season he attained distinction in Victor Mapes's "Captain Barrington." in which Mr. Bramwell portrayed three roles—Lieutenant Fleiding, Captain Barrington and General Washington.

The S. S. Shubert Booking Agency filed articles of incorporation yesterday in the Hudson County (N. J.) Clerk's office, as also did the Empire Theatre Company. The capital of the former is put at \$30,000 and of the latter at \$30,000. The corporators of both companies are H. O. Coughlin, Thomas P. Barrett and James M. Woods and the New-Jersey office is at No. 15 Exchange Place, Jersey City.

Mathilde Cottrelly, a former comic opera favorite, was engaged yesterday by Charles Dillingham to be in Maxine Elliott's company, presenting Clyde Fitch's comedy, "Her Great Match," at the Cri-terion Theatre, on Sentember 4. Others engaged for the cast are Herbert Standing, Charles Cherry, Nellie Thorne and Felix Edwards.

Exiled at Far Rockaway, Sam Bernard invited the chorus of "The Rollicking Girl" to come down and see him yesterday. About thirty accepted and see him yesterialy. About that he despited the invitation and spent the day at the beach as Mr. Bernard's guests. The hotel or hestra prived W. T. Francis's music during dinner and the girls sang. Letters of regret were received from Ben Teal and Sydney Rosenfeld. Miss Ceceylle Mayer was engaged yesterday by

Henry W. Savage for the role of Jessie Gridlay in the new George Ade comedy, "The Bad Samari-tun," which begins the regular season at the, Garden Theatre early in September.

The swamp lands lying between the Eoer and British encampment and the bicycle track are being filled in, ready for next season, when the whole area is to be covered with large amusement enterprises. Captain A. W. Lewis has arranged for a celebra

tion of the return of the body of Paul Jones. The life of Paul Jones will be illustrated by stereopticon in the Boer War arena and a choir of one thousand voices will sing the story of his career, accom-panied by a band of one hundred pieces. William A. Brady's efforts to secure the Passion

Play for Brighton Beach next season, with the original cast from Oberammergau, failed completely. The only member of the organization that could be induced to come to America for this purpose, it is said, was the man who was cast for the role of Judas Iscarlot. Joseph Brooks has engaged Mary Ryan to play the character of Ruth Clayton in his revival of C. T. Dazey's play, "Home Folks," which will be

(FROM THE TRIBUNE BUREAU.] Washington, July 20,

NO COALING AT SEA .- The Navy Department authorities who have to do with the subject of coaling vessels have about given up the hope of finding any process which will enable a vessel to take on fuel in the open sea. If this could be done in a way which would be satisfactory to the authorities it would be important to the fleet in time Midshipman P. H. FRETZ, detached the Franklin; to the Dubuque. of war. The only process tested so far was not satof war. The only process tested so far was not satisfactory, and nothing is offered at home or abroad
which is more suitable for the purpose. This is regarded as unfortunate, since it would be a most
important advantage if the ships could be coaled
without the nocessity of returning to the coaling
stations. This chance of the withdrawal of a ship
from its position in time of war must be taken into
the calculations of the strategists. With the advent of the floating dock and the floating machine
shop it would be of great value to have the means
of taking on fuel at sea. It is a comfort, however,
to know that foreigners have had no better luck.

A BIG EXPLOSION .- On Saturday afternoon July 22, at 4 o'clock, there will be a monster explosion at the Portsmouth Navy Yard, equalling that at Hell Gate. For some years the removal of what is known as Henderson's Point, which proved an obstruction to navigation in the neighborhood of the Portsmouth yard, has been in progress. The contractors have removed much of the inner material, so that practically only a shell of rock now remains. This rim of rock contains about thirty thousand cubic yards of material, and in its removal by blasting some thirty tons of dynamite will be used. The little daughter of the superintendent of the contracting company will touch the button, which will accomplish the final act of removal. It will then be necessary to dredge the broken rock out of the channel, but this will be the simplest task which the contractors have to achieve. The people at the navy yard and those who live near that establishment are reported as being worried about the blast, and have asked the naval authorities to exercise due precautions for the protection of life and property. The contractors have reported their plans to the civil engineers of the navy, and there is no likelihood that any damage will be wrought. At the same time, those in the neighborhood will be warned to be on their guard at 4 o'clock on Saturday. contractors have removed much of the inner ma-

KILLED BY HATPIN IN HEART. Canadian, in Detroit Hospital, Dies from

Wound Received July 6. Detroit, July 20.-Fred Montgomery, who was taken to St. Mary's Hospital on July 6 with a ound in his breast made by a hatpin, died today. At the post-mortem examination six inches of the pin was found imbedded in his breast, part of it actually in the heart. The ulece of pin had begun to rust, and the physicians marvel that Montgomery lived so long.

When taken to the hospital Montgomery said a woman with whom he had been in a cafe slipped and lurched against him as she was pinning on her hat, causing the wound.

It is now thought that perhaps the wound was received in a quarrel at his home in Sandwich, Ontario. Canadian officials say that Montgomery's wife has been missing since the night of the accident, and is supposed to have gone to Indian Territory.
